# ERGOMAT® LED Specifications

## HIGHLIGHTS

- 1 module per 30.5cm (27 LEDs per module)
- Fully encapsulated with co-extruded polymer for added weather resistance
- Fully encapsulated with UV stabilized jacket for added water resistance

## SPECIFICATIONS

<b>Dimensions</b>	0.81cmW x 22.5cmL x 0.38cmH
<b>Beam Angle</b>	120°
<b>Operating Temp.</b>	-40 to +60°C
<b>Intensity (White)</b>	280 LM/module
<b>Efficacy (White)</b>	93 LM/W (System)
<b>Power Supply</b>	12V DC
<b>Protection Grade</b>	IP65

## PRODUCT COLOR

Color	Wavelength/ CCT (typical)	Lumens/ft.	Energy Usage (Watts/ft.)	Max. Power Load (60W Supply)
Pure White	6300K	280	3	609.5cm
